

ALL-NEW PEUGEOT 508 SW NOW WITH HYBRID TECHNOLOGY

PRICES, EQUIPMENT AND TECHNICAL SPECIFICATIONS

Version 14 - July 2020
Model Year - 2020

PEUGEOT

For further information visit our website at peugeot.co.uk or contact your local PEUGEOT Retailer.

Model shown is all-new PEUGEOT 508 GT in optional 'Amazonite Grey' metallic paint and 19" 'Augusta' alloy wheels

All-new PEUGEOT 508 SW models come with the following equipment as standard:

Safety and Security

- ABS (Anti-lock Braking System)
- Active bonnet
- Airbags
  - Adaptive driver and front passenger airbags (includes passenger airbag deactivation function)
  - Driver and front passenger side thorax airbags
  - Front and rear curtain airbags
- Alarm (perimetric, volumetric with lift and tilt sensor)
- Automatic door locking when moving off
- Automatic hazard light activation upon heavy brake application
- DAA1 (Driver attention alert system)
- Eco-coaching
- Electric child locking functionality on rear windows and doors
- EBA (Emergency Brake Assist)
- EBD (Electronic Brake Force Distribution)
- ESP (Electronic Stability Programme)
- Exterior temperature indicator with ice warning
- Front optimised safety headrests and rear retractable headrests (x3), height-adjustable.
- Front three-point retractable seatbelts, height adjustable with pre-tensioners and force limiters. (Include visual and sound alerts if seatbelts are not fastened / unfastened whilst vehicle is in motion)
- Front and rear disc brakes
- IRC (Recommended Gear Indicator) manual versions only
- Headlights left on audible warning
- Indirect tyre under-inflation detection
- Isofix child seat fittings (x3) (front passenger and outer rear seats)
- Locking wheel nuts (standard on 18" and 19" alloy wheels)
- Passenger airbag deactivation switch (to allow for child seat fitment)
- Programmable cruise control and speed limiter
- Rear three-point retractable seatbelts (x3), with pre-tensioners and force limiters in the outer rear seats. (Include visual and sound alerts if seatbelts are unfastened whilst vehicle is in motion)
- Speed limit recognition and recommendation
- Steel space saver spare wheel

Comfort and Convenience

- Central front armrest with butterfly-wing opening and illuminated storage compartment
- Driver plip action (isolated unlock function for drivers door)
- Electric, heated and power folding door mirrors
- Electric parking brake (includes hill assist)
- Electric power steering with reach and rake-adjustable steering column
- Front central console with two cup-holders
- Front windscreen wipers with "Magic Wash" cleaning system
- Heated rear windscreen with integrated antenna
- Map pockets on front seat backs
- Multifunction trip computer
- One-touch electric front and rear windows with pinch protection
- PEUGEOT i-Cockpit®:
  - Configurable 12.3" head-up digital instrument panel
  - 8.0" capacitive touchscreen
  - Compact multi-function steering wheel
- Power folding door mirrors
- Push button start
- Rear centre console ventilation system
- Rear coat hooks (x2)
- Rear seat ventilation (located in rear of centre console)
- Rear side and tailgate windows: Tinted
- Remote central locking (two remotes)
- 1/3 – 2/3 folding rear seat
- 3.7 kW monophase On board charger (Hybrid versions)
- Mode 3 type 2 cable for Wallbox charging (Hybrid versions)

Interior Features

- Dashboard, front and rear door panel finish : Carbon effect
- Flocked glove box interior with illumination
- Gear lever - automatic in full grain leather and satin chrome
- Gear lever - manual in satin chrome (6 speed gearbox)
- Interior LED lighting: front LED roof lighting with 3 x spotlights, 2 x LED ambient lights and 2 x rear reading lights, LED lighting in boot, glove box and connecting zone
- Pedals and foot rest: black rubber
- 'Piano keys': chrome plated toggle switches to access touchscreen functions
- Roof lining - 'Salin' light grey

In Car Entertainment

- Bluetooth® telephone facility
- USB socket (x2) front
- 8-speaker radio, MP3 compatible
- 12 V socket (Active only)

Exterior Features

- Aluminium longitudinal roof bars
- Body-colour exterior door handles
- Door mirror shells: body colour
- Gloss black B and C pillar and aerodynamic deflector trim
- Gloss black strip rear cluster connecting strip
- Model designation badges front and rear
- Radiator grille: chrome facets and gloss black edge trim
- Rear lower bumper gloss black 'diffuser effect' trim
- Side window trim: aluminium

Exterior Lighting and Visibility

- Door mirror mounted LED courtesy approach lights
- Halogen headlights
- LED daytime running lights
- LED side indicator lights integrated into door mirrors
- Rear foglights
- Rear number plate lights (x2)
- Rear LED PEUGEOT signature 'Claw Effect' lights (with daylight function)
- Rear reversing lights

Model shown is all-new PEUGEOT 508 GT in optional 'Amazonite Grey' metallic paint and 19" 'Augusta' alloy wheels

ACTIVE With the perfect balance of character and strength, Active is the perfect place to start your journey

Safety and Security

- PEUGEOT Connect SOS and Assistance
- Safety Pack
  - AEBS3 (Advanced Automatic Emergency braking System)
  - Distance alert
  - LKA (Active Lane Keeping Assistance) + road edge detection

Comfort and Convenience

- Automatic dual zone climate control
- Parking sensors - rear
- Warning triangle

Interior Features

- Mistral full-grain leather steering wheel with stitch detail
- Seating
  - Seating: electric driver seat base angle and lumbar adjustment with manual longitudinal adjustment
  - Driver and front passenger seat adjustable cushion nose
  - Driver and front passenger seat mechanical height adjustment
  - Front passenger seat manual adjustment (longitudinal and back rest angle)
  - Mistral tri-material 'Losange' cloth seat trim with copper 'Goa' stitch detail

In Car Entertainment

- Connected 3D Navigation*
  - Automatic connection via PEUGEOT Connect
  - TomTom® Live updates (3 year subscription)^
  - SpeedCam / Danger Zones (3 year subscription)
- Voice recognition (radio, navigation and telephony features)
- DAB radio (Digital Audio Broadcasting)
- Mirror Screen®
  - Apple CarPlay™
  - Android Auto

Exterior Features

- 17" 'Merion' alloy wheels

Exterior Lighting and Visibility

- Visibility pack
  - Automatic headlights
  - Automatic windscreen wipers
  - Electrochrome rear view mirror (auto dimming)
  - 'Follow me home' headlights

***Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.**

ALLURE With added style and specification, enjoy the ultimate in understated luxury

HYBRID

Active Specification +

Safety and Security

- Active suspension (1.6L PureTech 180 EAT8 S&S only)
- Safety plus pack
  - ABSD (Active Blind Spot Detection)
  - DAA3 (Advanced Driver Attention Alert)
  - PEUGEOT Smartbeam Assistance
  - Speed limit + road sign recognition and recommendati

Comfort and Convenience

- PEUGEOT i-Cockpit®:
  - 10.0" High definition (HD) capacitive touchscreen
- PEUGEOT Open and Go (keyless entry and push button start)
- Power folding door mirrors with blind spot detection indicator
- Rear armrest with ski flap and two cup-holders
- Visio Park 1
  - Parking sensors - front and rear
  - 180° colour reversing camera

Interior Features

- Ambient lighting to storage compartments, footwells and cupholders
- Front and rear carpet mats in black with stitch detail
- 'Interior LED lighting plus: interior lighting as per Active plus, boot lighting x 2, plus illumination to vanity mirrors, centre console storage, cup holders and front footwells

Interior Features

- Seating
  - Driver and front passenger seat electric lumbar and seat base angle adjustment
  - Driver and front passenger seat heating
  - Choice of:
    - Mistral tri-material 'Imila' leather effect and 'Brumeo' cloth seat trim with grey 'Béton' stitch detail.
    - Light grey tri-material 'Evron' leather effect and 'Guerande' cloth seat trim with light grey 'Zéphyr' stitch detail

In Car Entertainment

- USB socket (x2) rear (in lieu of 12v socket)

Exterior Features

- Exhaust pipe: twin chrome (left hand side), 2.0L BlueHDi 160 EAT8 S&S only
- Exhaust pipe: dual lateral chrome (mounted either side of bumper), 1.6L PureTech 180 EAT8 S&S only
- Exhaust effect trim: chrome (mounted either side of bumper), 1.5L BlueHDi 130 versions only
- 17" 'Merion' diamond cut two tone alloy wheels

GT LINE The best of all worlds, sports styling combined with outstanding levels of efficiency and specification.

HYBRID

Allure Specification +

Safety and Security

- Self levelling headlights (linked to full LED headlights)

Comfort and Convenience

- Driver Sport Pack
- Rear side and tailgate windows: Dark tinted

Interior Features

- Aikinite contrast stitching to armrest, front centre console, door panels and dashboard facia
- Blue ambient lighting to front door panels and front centre console
- Dashboard facia, intricate stitch detail
- Flocked front door pocket interior
- Front and rear carpet mats in black with copper stitch detail
- Mistral full grain perforated leather steering wheel with Aikinite stitch detail and satin chrome 'GT Line 'emblem
- Pedal and foot rest: aluminium
- Roof lining -Mistral black
- Seating
  - Mistral tri-material 'Belomka' leather effect and 'Ornis' cloth seat trim with Aikinite 'double stitch detail

In Car Entertainment

- Smartphone charging plate

Exterior Features

- Aluminium longitudinal roof bars: gloss black
- Door mirror shells: Nera black
- 'GT Line' model designation badging
- Radiator grille: chequered with chrome edge trim
- Rear bumper diffuser : gloss black
- Side window trim: gloss black
- Stainless steel door sill scuff plates
- 18" 'Hirone' diamond cut two tone alloy wheels

Exterior Lighting and Visibility

- Full LED headlights with static cornering light functionality
- LED front indicators
- Rear full LED 3D rear PEUGEOT signature 'Claw Effect' lights (with sequential 'welcome sequence' upon unlocking the vehicle)
- Visibility Pack:
  - Electrochrome rear view mirror (auto dimming and frameless)

GT Building on the sports styling and efficiency of GT Line with added luxury and style.

HYBRID

GT Line Specification +

Safety and Security

- Active suspension
- Drive Assist Pack Plus
  - ACC Stop and Go (Adaptive Cruise Control with stop and go function)
  - Lane positioning assist

Comfort and Convenience

- Boot load restraint net
- Memory function for door mirrors (linked to driver seat memory)
- Power folding door mirrors with blind spot detection indicator and electrochrome (auto dimming) function
- Smart electric tailgate (foot operated)

Interior Features

- Aluminium boot rails
- Gear lever - automatic in full grain leather and satin chrome
- Mistral full grain perforated leather steering wheel with Aikinite stitch detail and satin chrome 'GT' emblem

Interior Features

- Seating
  - Driver and front passenger seat multi-way electric adjustment
  - Driver seat 2 position memory function
  - Driver and front passenger seat multi-point massage function
  - Nappa Mistral full grain leather seat trim with Aikinite double stitch detail

In Car Entertainment

- FOCAL® premium HIFI speaker system

Exterior Features

- 18" 'Sperone' diamond cut two tone alloy wheels (Hybrid versions)
- 'GT' model designation badging

18" 'Sperone' diamond cut two tone alloy wheels (Hybrid versions)

Night Vision

FIRST EDITION The ultimate in luxury, any journey no matter the distance will leave you wanting for nothing.

GT Specification +

Safety and Security

- Night Vision

Comfort and Convenience

- Visio Park 3:
  - 360° colour camera system
  - Fully automated parking assistance

Interior Features (First Edition exclusive)

- Boot floor finish: 'Zebrano' wood
- Nappa Mistral black full grain leather seat trim with Aikinite double stitch detail with Amazonite Grey metallic paint
- Nappa Red full grain leather seat trim with Aikinite double stitch detail with Twilight Blue metallic paint*
- Stainless steel door sill scuff plates , including 'First Edition' Inscription

Exterior Features (First Edition exclusive)

- Panoramic opening glass roof (with electric interior blind)
- Radiator grille: chrome chequered and gloss black edge trim
- 19" 'Augusta' two tone, tinted varnish finish diamond cut alloy wheels

^Please note First Edition 2.0L BlueHDi 180 EAT8 S&S models in Twilight Blue metallic paint incur a £300 charge for Nappa Red full grain leather.

Nappa Red full grain leather
(Standard on Twilight Blue First Edition 1.6L PureTech 225 EAT8)

19" 'Augusta' Two Tone, Tinted Varnish Finish Diamond Cut Alloy Wheels

CO2 figures, P11D values, BIK%, BIK£ and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO2 emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO2 and pricing for vehicles with optional equipment, please visit **www.peugeot.co.uk** and configure your chosen vehicle with your preferred options.

*Indicative monthly BIK amounts are calculated by taking the P11D of a standard factory built vehicle without the addition of any optional equipment. This is then multiplied by the income tax rate (20 or 40%) giving an annual amount. This figure is then divided by 12 to reach a monthly amount. The figures quoted are for guidance only. For further information on company car tax comparisons please visit **www.compare.peugeot.co.uk/company-car-tax**.

The fuel consumption or electric range achieved, and CO2 produced (where applicable), in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); the starting charge of the battery (PHEV only); variations in weather; driving styles and vehicle load. The plug-in hybrid range requires mains electricity for charging. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption, electric range and CO2 figures.'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

PEUGEOT i-Cockpit®

PEUGEOT i-Cockpit®:

Since launching in 2012, PEUGEOT i-Cockpit® has re-written the rule book for car interior architecture. The PEUGEOT i-Cockpit® philosophy centres around a driving environment that puts you in control, allowing a greater connection to the road. For all-new PEUGEOT 508 SW, the PEUGEOT i-Cockpit® brings driving resolutely into the digital age.

The PEUGEOT i-Cockpit®, comprises of the following key features:

Configurable 12.3" head-up digital instrument panel:

Available as standard across the all-new PEUGEOT 508 SW range, this 12.3" TFT 100% digital screen can be customised to suit the driver's needs. As the panel is positioned higher, it is closer to the road and is more within the driver's field of vision. This can increase safety when compared to a conventional setup where the dials sit within the wheel, further from the road.

The crisp and colourful graphics within the instrument panel can be adapted to give a variety of display modes including:

- **'Dials'** mode, a classic view to replicate the analogue set-up of most modern cars.
- **'Navigation'** mode turns the dials on their sides to a 'roller' format, 3D navigation with instructions fill the centre of the display.
- **'Driving'** mode with 'roller' format dials and driver assistance information including Lane Keeping Assistance (LKA) and ACC Stop.
- **'Night Vision'** as standard on First Edition models, the night vision display is relayed through the digital instrument panel and framed by 'roller' format dials.

In addition to the above a 'Personal' mode can also be configured, for optimum comfort.

Compact multi-function steering wheel:

Compact dimensions coupled with a re-designed shape enhance every journey in all-new PEUGEOT 508 SW. Out on the road the compact dimensions increase the visibility of the cars instruments whilst in the corners it provides heightened responses and improved agility. When it comes to round town or navigating car parks its compact dimensions make light work of wheel winding to manoeuvre into a space. In terms of finish all models are trimmed with Mistral full-grain leather with stitch detail. Sports models benefit further from Aikinite stitching, perforation detail and a satin chrome model designation badge.

10.0" high definition (HD) capacitive touchscreen (Standard from Allure):

With crystal clear graphics, the 10.0" capacitive touchscreen houses several key technological features on the all-new PEUGEOT 508 SW. Capacitive technology helps to give Smartphone levels of responsiveness whilst multi-touch technology brings greater levels of functionality. In keeping with the PEUGEOT i-Cockpit® theme, the touchscreen is angled towards the driver.

For greater accessibility the touchscreen is accompanied by stylish satin chrome piano key toggle switches, these enable direct access to the wealth of functionality available.

- Automatic dual zone climate control (all versions)
- DAB Radio (Digital Audio Broadcasting) (all versions)
- Mirror Screen®: (Apple CarPlay™ Android Auto and MirrorLink®) (all versions)
- Connected 3D Navigation: includes TomTom® Live updates (Allure versions and above)

Combined with the wealth of technology available, careful attention has been paid to the selection of materials. All versions feature a blend of contemporary materials including carbon effect and piano black finishes, coupled with intricate stitch detailing and satin chrome accents. A meticulous attention to detail ensures no detail has been overlooked.

'Night Vision' Mode (First Edition models)

'Driving' Mode

'Navigation' Mode

'Dials' Mode (GT Line / GT Models)

PEUGEOT i-Cockpit®

Driver sport pack

Driver sport pack (automatic versions): Standard from GT Line onwards

The “sport” mode includes the following functions:

- The tint of the digital cluster in red background with notification "SPORT".
- Sharpened throttle response
- Gear shift response
- steering weighting
- Amplification of engine sound (through speakers) to stimulate the experience on board.

Electric Impulse Automatic Gearbox Control

Electric Impulse Automatic Gearbox Control: (Standard on auto versions)

Linked to the Efficient 8- Speed Automatic Transmission (EAT8) with Quickshift Technology. This stylish gearbox control with its ergonomic design complements the PEUGEOT i-Cockpit®. Trimmed with full-grain leather, satin chrome and piano black materials, this compact gearbox control even helps to free up space within the cabin.

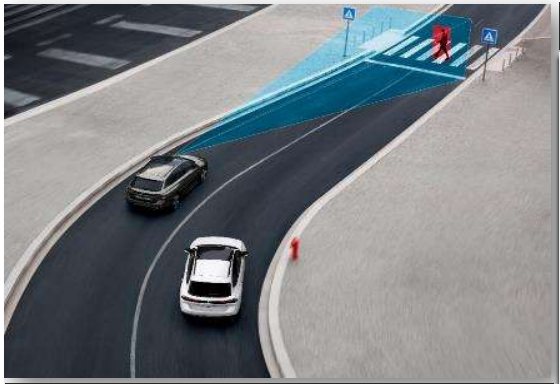
Operation is intuitive and smooth, for the more exuberant driver a manual driving mode is also available, changes can be performed seamlessly via the steering column mounted paddles.

'Carbon' Effect Dashboard and Door Panel Trim

Compact Multi-Function Steering Wheel

10.0" High Definition (HD) Capacitive Touchscreen and 'Piano Key' Toggle Switches

'Electric Impulse' Automatic Gearbox Control



Active Blind Spot Detection (ABSD)

Active Blind Spot Detection (ABSD): (Standard from Allure onwards)

Linked to the Safety Plus Pack, now you can enjoy the feeling of having eyes in the back of your head. Using lateral ultrasound sensors to cover areas out of your field of vision along with the windscreen mounted camera, an LED illuminates in either side door mirror to alert to the presence of a car, lorry, motorbike or bicycle in your blind spot. The system works when overtaking a slower vehicle or when overtaken by a faster vehicle. This intelligent feature operates from speeds as low as 8mph right up to the National Speed Limit.

In addition ABSD also features a trajectory correction system in partnership with Active Lane Keeping Assistance. The trajectory correction is applied to the steering if a line is crossed even when the turn indicator is enabled, to try and avoid a collision with an obstacle not detected by the driver.

Automatic Emergency Braking System (AEBS3)

Automatic Emergency Braking System (AEBS3): (Standard on all versions)

An intelligent autonomous braking system designed to avoid a collision or limit its severity by reducing the vehicle's speed. The system is triggered if the driver does not react quickly enough, by activating the vehicle's brakes.
Using a bumper mounted radar and multifunction camera located at the top of the windscreen able to detect obstructions on the road. The system works in the following ways, both day and night:

- Between 0 and 18 mph, collision avoidance for fixed and moving obstacles and pedestrians.
- Beyond 18 mph limiting the severity of an impact by reducing the vehicles speed by atleast 12 mph before impact.

Distance Alert System: (Standard on all versions)

Working in conjunction with the AEBS3, the distance alert function warns the driver if the vehicle risks a collision with the vehicle in front or a pedestrian in the road. Two levels of warning are available, the first 'Amber' warning provides a visual alert to the potential risk. In a more a severe instance a 'Red' visual and audible alert indicate a collision is imminent and driver action is required, failure to act triggers the AEBS3.

Lane Keeping Technologies

Lane Keeping Technologies:

Via a windscreen mounted camera all-new PEUGEOT 508 SW offers the following lane keeping technologies

Active Lane Keeping Assistance (LKA) + Road Edge Detection: (standard on all versions) a system that monitors longitudinal lane markings on the ground. If a deviation is detected across a lane marking, you are alerted by a flashing indicator on the digital instrument panel in the cabin.

In addition as soon as the system identifies a risk of accidentally crossing one of the marking lines detected on the ground, the steering is gradually corrected to keep the vehicle in lane, at speeds of over 40mph. For further peace of mind, road edge detection is also included to reduce the likelihood of the vehicle leaving the road in an accident.

Lane Positioning Assist: (standard on GT and First Edition models) linked to Adaptive Cruise Control with Stop and Go function. This intelligent system positions the car centrally with the middle of a lane, applying left and right trajectory corrections accordingly.

Driver Attention Alert

Driver Attention Alert:

To help keep you alert behind the wheel, all-new PEUGEOT 508 SW features a two stage driver alert system for added safety on the road, comprising:

Driver Attention Alert 1 (DAA1): (standard on Active models) it is important to take frequent breaks when travelling over long distances, to better guarantee your safety and the safety of those around you. All-new PEUGEOT 508 SW features a timed alert system that operates at speeds in excess of 40mph, after two hours of driving a message is displayed recommending that you take a break.

Driver Attention Alert 3 (DAA3): (standard from Allure onwards) controlled by a camera at the top of the windscreen designed to analyse the vehicles trajectory, this active system evaluates the vigilance of the driver at speeds of over 40mph.

By identifying deviations relative to the road markings, all-new PEUGEOT 508 SW is able to determine whether the vehicle's behaviour reflects a certain degree of driver drowsiness or inattention. If it is felt that the driver needs to take better care on the road a visual and audible alert will occur. If more than three instances occur, the driver will be advised to take a break.

Adaptive Cruise Control with Stop and Go Function (ACC Stop and Go)

Adaptive Cruise Control with Stop and Go (ACC Stop and Go): (Standard on GT models)

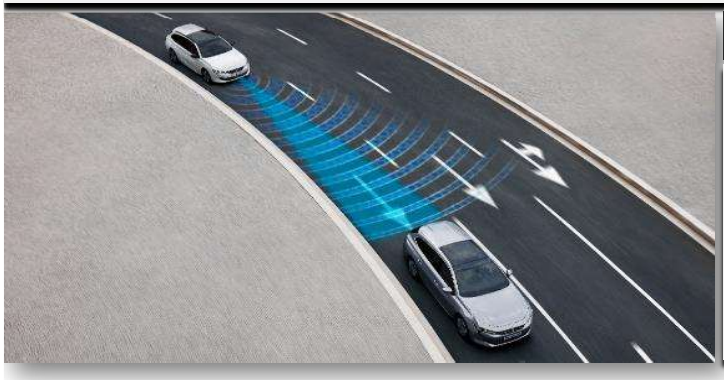
Cruise control as you know it, will never be the same again with all-new PEUGEOT 508 SW fitted with EAT8 automatic gearbox technology. Controlled via a radar mounted at the front of the vehicle, the ACC Stop and Go system provides two key functions:

- Automatic maintenance of the vehicles speed, at the value set by the driver.
- Automatic maintenance of a set distance between all-new PEUGEOT 508 SW and the vehicle in front, slowing the vehicle to a stop if required and then moving off automatically when conditions alllow.

The system detects a vehicle driving in front in the same direction and can automatically adapt the vehicle's speed to that of the vehicle in front. This occurs using engine braking and the braking system (in which case the brake lights are lit) to maintain a constant distance.

When activated, ACC Stop and Go also incorporates Lane Positioning Assist , to position the car centrally within its lane, particularly useful for motorway driving.

On 1.5L BlueHDI 130 S&S 6-Speed manual versions, ACC 30 can be added as an option on Active, Allure and GT Line models, this incorporates the distance and braking capabilities of ACC Stop and Go but does not slow the vehicle to a stop. ACC 30 can reduce speeds to a minimum of 30km/h (18mph), to prevent the vehicle from stalling.



PEUGEOT Connect SOS and Assistance

PEUGEOT Connect SOS & Assistance: (Standard on all versions)

A vehicle locating communication unit, this feature can be used manually (dedicated SOS button on the console) or automatically (if pyrotechnic devices are deployed). It locates the vehicle precisely and triggers the sending of the appropriate emergency services for a rapid response.

PEUGEOT are the pioneers of this technology, since launching in 2003 PEUGEOT Connect SOS & Assistance has assisted over 7,000 individuals. The system is subscription free with no additional charges and uses a GPS module and SIM card (built in to the system).

Speed and Road Sign Recognition

Speed Limit Recognition and Recommendation: (Standard on all versions)

Using the windscreen mounted camera, all-new PEUGEOT 508 SW features speed limit sign recognition, leaving you in no doubt over the speed limit. Upon detecting a speed limit sign this information is read by the camera and displayed in colour on the 12.3" head-up digital instrument panel.

In addition the driver also has the option to adapt their speed to the speed limit on the particular road via the vehicles cruise control stalk. The vehicle will then adjust its speed accordingly.

Road Sign Recognition and Recommendation: (Standard from Allure onwards)

In addition to speed limit recognition, all-new 508 SW can also read and interpret various road signs, including 'Stop', 'One Way' and 'No Overtaking'. These are then relayed through the head-up digital instrument panel, in plain view of the drivers line of sight, reducing the chance of a road instruction being missed.

PEUGEOT Smartbeam Assistance

PEUGEOT Smartbeam Assistance: (Standard from Allure onwards)

Linked to the Safety Plus Pack, PEUGEOT Smartbeam Assistance gives you one less thing to think about when driving at night. Controlled via a windscreen mounted camera, the system continuously analyses driving conditions, for instance the proximity of other vehicles.

PEUGEOT Smartbeam Assistance automatically switches headights to full beam when conditions allow, allowing you to tap into the full potential of the halogen or full LED headlights, dependent on version.

Connected 3D Navigation

Connected 3D Navigation*: (Standard on all versions)

Linked to the 8.0" (Active) and 10.0" high definition (HD) capacitive (Allure upwards) touchscreen, the system includes European mapping, 3D city mapping and voice recognition (for radio, navigation and telephone functions).

The system also includes a 3 year subscription^ to PEUGEOT Connect allowing an automatic, permanent connection to online navigation services (in partnership with TomTom®). Key features of PEUGEOT Connect include:

- **TomTom® Traffic:** Real-time updates on traffic conditions (traffic jams, road works) and suggested alternative routes.
- **Local Weather:** Displays forecasted weather conditions along the route.
- **Fuel Stations:** Displays nearby fuel stations and pricing.
- **Local search:** Access address and contact detail information for a point of interest.

*Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.
^Subject to subscription – after you have taken delivery of your vehicle, please subscribe on:

Mirror Screen®

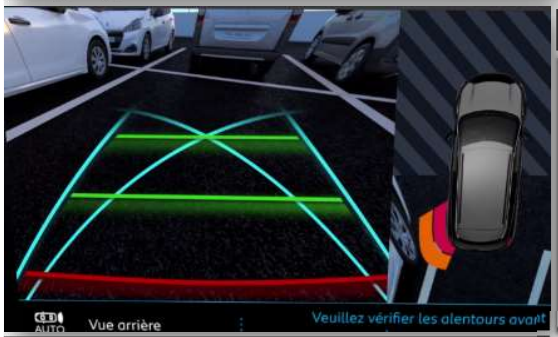
Mirror Screen®: (Standard on all versions)

Allows the mirroring of a compatible smartphone screen to access the key functionality on the handset. Once paired functions are displayed on the 8.0" and 10.0" capacitive colour touchscreen systems. System features vary by provider/phone and can include navigation, text display, text reading, media functionality voice control. Mirror Screen® uses the following systems:

- **Apple CarPlay™**
- **Android Auto**

Apple CarPlay android auto

*Please consult peugeot.co.uk for a list of enabled Android phones - compatibility is based on the phone providers' original operating system.



Visio Park

Vision Park 1/2/3: (Standard or optional according to version)

Visio Park 1: (Standard on Allure, GT Line and GT), incorporates front and rear sensors with a rear camera. The rear camera offers a variety of views including rear 'Grid' view, '180°' view, useful for reversing out of spaces and an 'Overhead' view making it easier when reversing near obstacles.

Visio Park 2: (Optional on manual models), in addition to Visio Park 1, this option pack includes a front camera to give a '360°' view, highlighting obstacles when pulling into a car park space. The system also includes automated parking assistance (steering only) for bay and parallel parking.

Visio Park 3: (Standard on First Edition), in addition to Visio Park 2, this pack includes fully automated parking assistance, both steering, acceleration and braking functions for parallel and bay parking scenarios.

Smartphone Charging Plate

Smartphone Charging Plate: (Standard from GT Line onwards)

Through the use of inductive charging technology a compatible device can be charged wirelessly whilst on the move.
Operation is simple: just place your compatible smartphone on the charging area, once detected, battery charging begins.
The device must be Qi-compatible, the very latest smartphones from Blackberry, Google, HTC, LG, Microsoft, Motorola, Samsung and Sony feature this technology built in with no additional add-on required.
Other devices including iPhone 5/5c/5s, iPhone SE and IPhone 6/6 Plus/6s/6s Plus will require an additional QInside Qi2001 accessory to access the wireless charging functionality.
For more information on this growing technology please visit the Qi website .

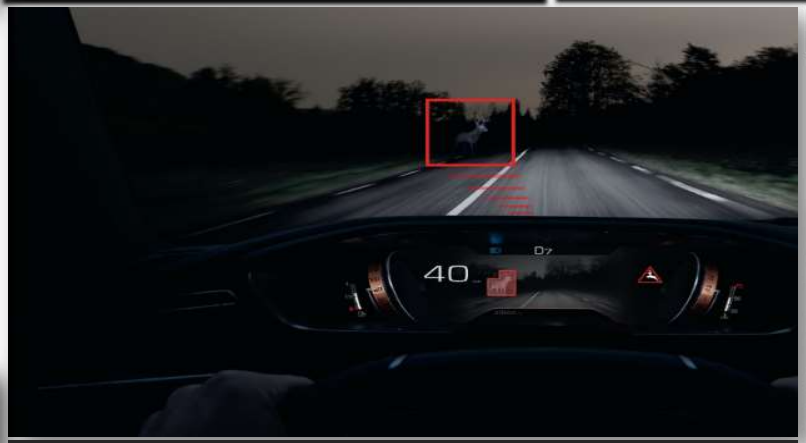
FOCAL® Premium HIFI Speaker System

FOCAL® Premium HIFI Speaker System: (Standard from GT onwards)

Specialising in acoustics for 35 years and known throughout the world for their patented innovations and unique sound signature, PEUGEOT are proud to offer FOCAL® technology for the ultimate in car acoustic experience.
The system comes equipped with ten loudspeakers comprising the following:

- High-fidelity woofers/mediums featuring Polyglass technology ensuring a balanced, precise sound.
- TNF tweeters featuring aluminium inverted dome technology, offering optimum sound dispersion and crisp trebles.
- Subwoofer featuring Power Flower™ 200 mm triple-coil technology for defined, dynamic performance in the bass frequency.
- Active 12 channel/515 watt amplification for optimum sound quality.

Enjoy the perfect soundtrack on every journey with all-new PEUGEOT 508 SW and FOCAL®.



Night Vision

Night Vision: (Standard from First Edition)

Thanks to an infrared camera in the front grille of the vehicle, at night the system detects the presence of pedestrians/animals up to 200 metres beyond the range of the headlights.

The image generated by the system is displayed in the driver's field of vision, via the 12.3" head-up instrument display panel. Upon detection of an obstacle, two levels of alert are provided to the driver based on the severity of the situation (distance from hazard). (Standard on First Edition models, optional from Allure)

Panoramic Opening Glass Roof

Panoramic Opening Glass Roof: (Optional from Active)

Enjoy the world outside with all-new PEUGEOT 508 SW with the optional large panoramic opening glass roof. Bathing the cabin in natural light with dimensions of 27"x 22", the panoramic opening glass roof enhances the appearance of the all-new PEUGEOT 508 SW. For an added breath of fresh air the glass panel includes a tilt function and can be opened.

An electric roller blind is also included, in either Salin light grey or Mistral black, dependent on level.

Front

With a striking exterior design, all-new 508 SW does not fail to make its presence known.

Bold details are everywhere to be seen, to the front, the long, sculpted bonnet is headed by the '508' inscription, taking inspiration directly from the iconic PEUGEOT 504 & 504 Coupé.

The sharp headlights, fitted with halogen (from Active level) or full LED technology (from GT Line level) echo the striking bodywork design. Adding further to the design, full LED headlights also come with striking vertical LED daytime running lights that frame the front of the car with beautiful symmetry, taking inspiration from the PEUGEOT Instinct concept car.

Three prominent front grille designs are available according to version, chrome facets combined with a gloss black edge trim (from Active level), chequered with chrome edge trim (from GT Line level) and chequered with gloss black edge trim (exclusive to First Edition).

Offering both style and substance, all-new 508 SW features an 'Active Bonnet' as standard across the range for optimised pedestrian safety.

Frameless Doors

Frameless Doors: (Standard on all versions)

Taken straight from the world of the sports coupé, all-new PEUGEOT 508 SW features frameless front and rear doors. Featuring a 'short-drop' system, the windows automatically lower a few millimetres upon pulling the door handle. Upon closing the door the windows will return back to their original position.

Frameless doors contribute to the low and flowing silhouette of all-new 508 SW, allowing the car to maintain a height of just 1.42m.

For improved access to the rear, the rear window also features a fixed rear sections to give a larger rear aperture.

For optimum refinement, the side windows have been thickened by 1mm to increase the sense of tranquility onboard.

Frameless Doors

Profile

In profile the flowing 'shooting brake' inspired silhouette of all-new 508 SW comes to life, striking details include:

Frameless doors on every version, contribute to the low overall height of 1.4 metres complete with dark tinted rear side and tailgate windows (from GT Line level)

Aluminium longitudinal roof bars available in two finishes, aluminium (from Active level) or gloss black (from GT Line level).

Framing the side window apertures, elegant trim contributes to the stylistic touches. Two finishes are available dependent on version, aluminium (from Active level) or gloss black (from GT Line level).

Alloy wheels (standard on all levels) range from 17" to 19", with a choice of finishes available (acording to version) including intricate diamond cut and tinted varnish detailing.

Further stylistic touches include the sharp crease commencing below the door mirror housing leading to the to the rear light cluster, giving the car a beautifully sculpted shoulder.

LED Technology

Full LED Headlights: (Standard from GT Line onwards)

Full LED Headlights: Light Emitting Diode (LED) technology remains a rare feature in the car industry, with all-new PEUGEOT 508 however this is not the case. Full LED headlights feature from GT Line, allowing you to enjoy the following benefits:

- LED technology consumes considerably less energy to produce light, 50% less than halogen and 35% less than xenon technologies.
- LED technology offers a whiter light for improved visibility at night, the light is also more similar to daylight, leading to reduced driver eye fatigue, improving safety.
- LED technology requires no warm up time with instantaneous lighting response when compared to conventional halogen technologies.
- LED technology will last for the life of the car, compared to halogen technology with much shorter life expectancy.
- LED technology offers a very striking visual signature that perfectly complements the sharp exterior design.

For an additional dose of style, in conjunction with full LED headlights, all-new PEUGEOT 508 SW also features a scrolling 'welcome sequence' to the rear, upon unlocking of the vehicle.

By scrolling inwards and outwards across the rear 3D led 'claw effect' lights, the sequential motion provides a real sense of occasion, on approach to the vehicle.

In addition, LED lighting technology is also used for both braking and indicating functions.

Full LED Headlights and Striking LED Daytime Running Lights

Rear

At the rear, the flowing silhouette of all-new PEUGEOT 508 SW comes together beautifully, signature PEUGEOT design touches include:

Rear LED 'Claw Effect' lighting, available in a choice of two styles (dependent on version), a 'classic' style is available from Active level whilst a more 'dynamic' adaptive 3D design features from GT Line level.

Gloss black rear cluster connecting strip, framed by the rear light clusters, further enhances the distinctive rear design.

Prominent exhaust pipes dependent on engine, twin chrome (on the left side) for 2.0L BlueHDi EAT8 S&S models and dual lateral chrome (either side) on 1.6L PureTech EAT8 S&S models.

Rear bumper diffuser trim finished in gloss black adds further to the sports design.

Practical touches have been beautifully incorporated into the sculpted rear, an absence of a roof mounted antenna gives a more purposeful stance whilst the sculpted rear tailgate provides easy access to the large load area.

Practicality

Large Flat Load Space

Practicality: All-new PEUGEOT 508 SW features a large uniform load space. The boot area level with the retractable parcel shelf in place holds up to 530 litres, this extends up to an impressive 1780 litres with the rear seats folded flat, loaded to the roof.

"Magic Flat" Rear Seats: Offer 2/3 1/3 split fold functionality, when lowered, the rear seats lie flat to optimise loading. Lowering the seats couldn't be easier, simply pull the handles located in the boot area, a particularly useful feature when loading items in tighter spaces, as there is no need to open the rear doors to lower the seats.

Retractable Tonneau Cover: A cover that can be pulled across to conceal items in the boot, retracted to allow for greater access, or removed all together for optimised load space with the seats folded. For added flexibility the toneau cover can be stored with ease under the boot floor in a designated space.

Boot Sill Height: The design of all-new PEUGEOT 508 SW incorporates one of the lowest boot sills in the class. The unladen height is just 63.5cm, this allows easier loading and unloading of bulky or heavy items whilst also providing easier access for pets.

Aluminium Boot Rails: For additional security on the move, boot rails, complete with adjustable tethering hooks can be used to prevent items moving. (Standard on GT and First Edition models)

Boot Load Restraint Net: Designed to restrain loads, this clever net prevents items shifting forwards into the passenger compartment under braking. The net attaches to the roof and boot floor and allows the boot area to be safely loaded to the roof. (Optional from Active, standard on GT and First Edition models)

Model shown is all-new PEUGEOT 508 SW GT, finished in 'Amazonite Grey' metallic paint with optional 19" 'Augusta alloy wheels'

Live the power of choice

Plug-in HYBRID vehicle:

The PEUGEOT 508 SW plug-in HYBRID is available with our efficient Puretech 180 engine combined with a 80kw (110) electric engine.

The PEUGEOT 508 SW plug-in HYBRID features the following key elements:

Technical
Efficient Puretech 180 engine combined with a 80kw (110) electric engine, complete with the electrified EAT8 gearbox (e-EAT8).
This efficient combination gives you a combined power output of 225hp (165KW) as well as a lively and stimulating drive with immediate reactivity.

battery Li-Ion 11.8KWH with 8 year/100,000 mile traction battery warranty

EMP2 platform
The new EMP2 platform has been developed to incorporate an ICE engine along with an electric motor whilst preserving space on board and boot volume. Particular attention was given to weight reduction and balance to make sure the driving experience in the PEUGEOT 508 SW is as rewarding as possible.

Electric Range WLTP combined cycle (miles): 33-39

Charging flexibility with 3 modes available:
Domestic (AC): 1.8kWh from a regular socket, full charge in 7hrs 10 mins (accessory cable needed)
Fast (AC): 7kWh from a Wall Box, full charge in 1 hr 45 mins

USAGE
3 driving modes
In the PEUGEOT 508 SW plug-in HYBRID you will be able to chose between 3 driving modes:
Sport: priority given to performance
Normal: daily usage
Eco: priority given to range

PHEV services

SERVICES

MyPeugeot App:
Charge management: Control, plan, launch and check the vehicle's charge remotely
Climate preset: Remotely plan and control the heating or air conditioning in the interior of your car.
e-Coaching: Consumption logs and statistics

Home charging:
The PEUGEOT 508 SW comes with a Mode 3 Type 2 cable as standard (6 metre length), which will charge the vehicle in 1 hour 45 mins on a 7kW charging point. We recommend installing a wallbox at home and PEUGEOT will refer you to their specialist charging partner, who are fully approved for the homecharge grant contribution from the government.

Charging Pass:
PEUGEOT will provide access to certain UK public charging points through a free subscription for an introductory period.

Interior dependant on specification

PHEV styling

The PEUGEOT 508 plug-in HYBRID comes with distinctive and excusive touches:

Distinctive HYBRID badging on the A-pillar and rear tailgate

The PEUGEOT 508 SW features specific technological animations and menus on the touchscreen so that you can access easily all the information needed.

Exclusive upholstery in Alcantara® Grey Greval (on GT version only)

Specific HYBRID graphics available through the New i-Cockpit® & Touchscreen

e-SAVE FUNCTION allows you to save or regenerate all or part of the battery for later use during your journey.

Seating

Front Seating: The front seats on all-new PEUGEOT 508 SW have been developed to provide heightened sensations of comfort and support, enlivened with a touch of sportiness.
This brief has resulted in seating that will make every journey, no matter the distance, an absolute pleasure. Front seats benefit from the following features (according to trim level):

- Electric multi-way adjustment: (height, longitudinal, seat back angle and seat cushion angle). ***Standard on GT level.***
- Heating function: with 3 pre set temperatures, (includes heating elements in the seat base and back rest), ***Standard from Allure level.***
- Multi-point massage function: with eight-pocket pneumatic technology to provide a luxurious massage, with five different massage types. ***Standard on GT , optional from Allure. (linked to Mistral and Nappa leather option packages).***
- Driver seat memory: memorises driver seat and door mirrors positions for up to two people. ***Standard from GT , optional from GT Line. (linked to Nappa leather option package).***
- Electric lumbar adjustment: offers optimum back support for driver and front passenger (driver only on Active). ***Standard on Allure level.***
- Adjustable cushion nose: adds greater depth to the front seat bases, providing extra support to the backs of front seat occupants legs. ***(Standard on all versions)***

AGR Approval (Aktion für Gesunder Rücken):

As a result of the above specification, every all-new 508 SW features front seats (driver only on Active) that comply with the AGR association's 'Actions for a Healthy Back' initiative., as all models comply with the fitment of the following features as a minimum:

- Adjustable seat cushion nose (mechanical) **-** Adjustable seat angle (electric) - Four-way adjustable lumbar support (electric pneumatic) (driver only)

Eight Pocket Multi-point Massage Function

(Standard on GT models)

The fuel consumption achieved, and CO2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO2 figures.
Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO2 values of other cars tested to the same technical standard.

^ 'LOW': Low speed city driving, representative of city centre driving, maximum 35mph.
^^ 'MEDIUM': Medium speed town driving, representative of town or suburban driving, maximum 50mph.
^^^ 'HIGH': High speed rural driving, representative of A-road or dual carriageway driving, maximum 60mph.
^* 'EXTRA HIGH': Extra High speed motorway driving, representative of a typical European motorway, maximum 81mph.
^*^ 'COMBINED': A mixed journey average of all elements

Figures quoted reflect a range of configurations (including non-UK market vehicles) and are subject to changes resulting from ongoing product development, range evolutions, testing and evaluations.

All-new PEUGEOT 508 SW: Service Contracts

PEUGEOT offer two levels of Service Contract:

PEUGEOT Service Plans

What's included:

- PEUGEOT Service Plans offer complete assurance that all your servicing costs will be completely covered for the duration of the plan
- We offer PEUGEOT Service Plans for up to five years with many mileage options
- One-off up front or monthly direct debit payment options available
- All packages are affordable and inflation proof, which means they will remain at a fixed cost for the duration of the plan.

Monthly price examples*:

508 SW Petrol / Diesel

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
14.16 per month	17.66 per month	17.40 per month

508 SW Hybrid

36 Months / 30,000 Miles	48 Months / 40,000 Miles	60 Months / 50,000 Miles
TBC	TBC	TBC

* Price examples based on an annual mileage of 10,000 per annum

A PEUGEOT Service Plan can be purchased up to 12 months after registration date. The prices quoted above are indicative, for a bespoke quote please contact your local PEUGEOT Retailer. If the plan is taken out after the date of registration an additional payment will be required to cover this starting period. Any normal wear and tear maintenance work such as replacement of tyres, brake pads, brake discs, clutches, shock absorbers, wipers, batteries, bulbs, silencer, exhausts and windscreens are excluded. Servicing must be carried out by a PEUGEOT Authorised Repairer in the UK. PEUGEOT Motor Company reserve the right to change, amend or withdraw this product at any time.

Extended PEUGEOT Assistance*

What's included: Extension of your PEUGEOT Assistance Cover

- Offers you the opportunity to extend PEUGEOT Assistance up to a further two years

*Applies to diesel vehicles that do not meet the real driving emissions step 2 (RDE2) standard

VAT is calculated at 20%

VAT is not applicable to cars sold in the Channel Islands

Cars with a list price of over £40,000 when new pay an additional £325 per year on top of the £150 annual tax 'standard rate', for five years after the end of the first licence before returning to the rates listed above. This supplement does not apply to electric vehicles.

PEUGEOT 3 Years of Warranty

All vehicles first registered in the UK and purchased from a UK PEUGEOT Retailer benefit from a PEUGEOT 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT RetailNetwork in the UK.

PEUGEOT Assistance

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Full details are available at www.peugeot.co.uk

Terms and Conditions

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.

Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.

Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.
