

PEUGEOT
E-TRAVELLER

PRICES - EQUIPMENT - TECHNICAL SPECIFICATIONS

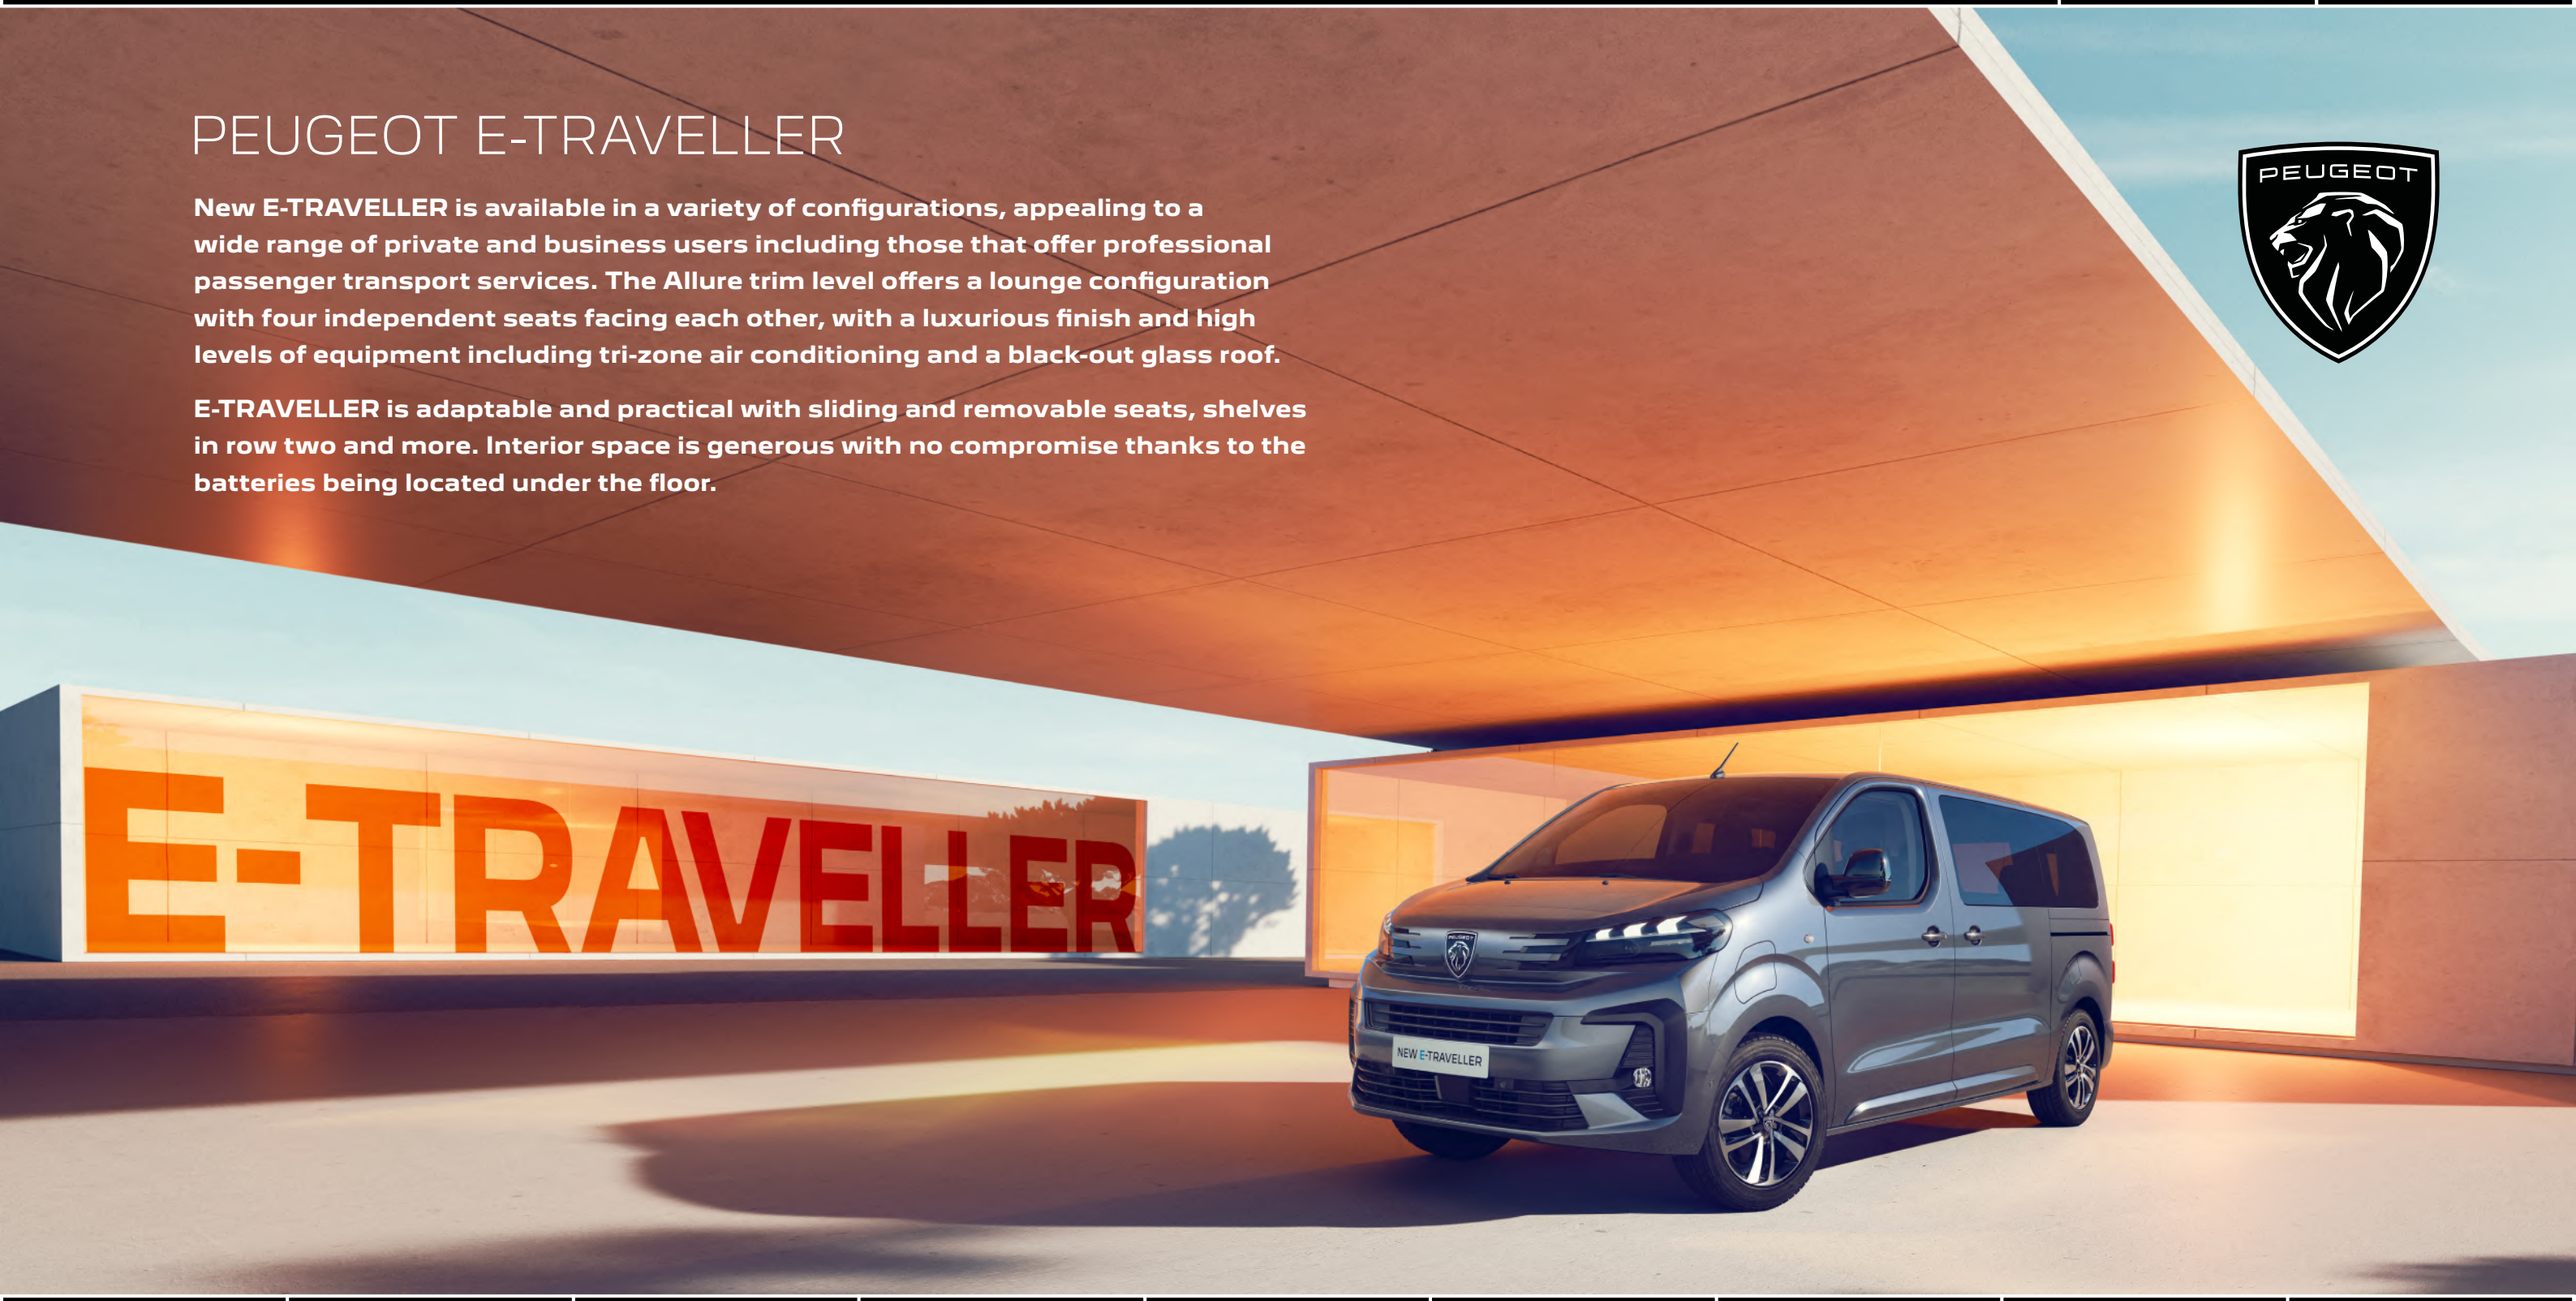

Effective from 1st April 2025
2025A (K0) Model Year

LET'S BEGIN

PEUGEOT E-TRAVELLER

New E-TRAVELLER is available in a variety of configurations, appealing to a wide range of private and business users including those that offer professional passenger transport services. The Allure trim level offers a lounge configuration with four independent seats facing each other, with a luxurious finish and high levels of equipment including tri-zone air conditioning and a black-out glass roof.

E-TRAVELLER is adaptable and practical with sliding and removable seats, shelves in row two and more. Interior space is generous with no compromise thanks to the batteries being located under the floor.

PEUGEOT E-TRAVELLER | STANDARD EQUIPMENT BY EDITION

ACTIVE

TECHNOLOGY AND INFOTAINMENT*

- PEUGEOT i-Connect® infotainment system featuring:
  - Radio AM/FM/DAB
  - 10" HD Touch screen with MirrorScreen (WiFi)
  - 4G connectivity + "OK PEUGEOT" intelligent voice assistant
  - Four speakers & four tweeters
- Flexible short antenna (200mm)
- PEUGEOT Connect with RCE (emergency call and localisation assistance + offers of branded services)
- Programmable heating and delayed charging
- Full 10" digital instrument cluster
- Comfort and convenience
- "Comfort Seat". Ergonomic 6-way driver's seat (reach/rake/height) with lumbar/armrest.
- Individual co-driver seat with armrest
- Split-fold (60/40) tilting and folding bench in rows' two and three

SAFETY AND SECURITY

- Intelligent Speed Assistance
  Lane Keeping Assist
  Advance Emergency Braking System
  Driver Attention Alert
- Driver & co-driver airbag (Passenger airbag can be deactivated manually). Also head/thorax airbags for both driver and co-driver
- Curtain airbags for rows' two and three
- Electronic Stability Control and ABS with Hill Start Assist, EBA and EBFD
- Cruise control with speed limiter
- High Beam Assist
- Automatic on/off headlight control
- Rain-sensitive windscreen wipers
- Rear parking distance sensors
- Single-Phase (7kW) onboard charger with 6m Mode-3 Type-2 charging cable)
- Remote control central deadlocking with immobiliser
- Selective door locking
- Mechanical child locks
- Height-adjustable front lap and diagonal inertia-reel seatbelts
- AVAS: Acoustic Vehicle Alerting System (audible outside of vehicle)
- Automatic unlocking system in case of crash
- Tyre Pressure Monitoring System (TPMS)

* Either available via MyPEUGEOT App (6 months free subscription trial – for more information click here) or via PEUGEOT i-Connect® infotainment system.

PEUGEOT E-TRAVELLER | STANDARD EQUIPMENT BY EDITION

Please note: The above LCDV codes are for England, Wales and Scotland. For Northern Ireland the 'TX' is replaced with 'T0'.

CO_2 figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO_2 figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle as well as EAER range data and RDE2 compliance for BIK%. The addition of optional extras could increase the certified CO_2 emission output or modify the EAER range. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.
All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government). Please contact your local PEUGEOT Retailership for the most up-to-date prices and specification details for all models.
*For further information on CO_2 and pricing for vehicles with optional equipment, please visit www.peugeot.co.uk and configure your chosen vehicle with your preferred options.
>>Electric Vehicle Range (EAER) for standard specification without factory fitted options. Factory fitted options may reduce electric vehicle range.
Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other cars tested to the same technical standard.
**'On the Road' MRRP includes registration plates and delivery to retailer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.
All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).

SAFETY TECHNOLOGY

The Traveller is fitted with numerous driving and manoeuvring assistance systems to increase your comfort and safety.

Forward collision alert incorporating Advance Emergency Braking System (AEBS)*
(Standard on Active and Allure)

This system alerts the driver of a potential forward collision through a combination of visual and then audible warnings. Should the driver fail to react, autonomous emergency braking is triggered to help mitigate/avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.

Lane Keep Assist
(Standard on Active and Allure)

If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle crossing painted boundary lines or road side edges.

Active cruise control with Stop and Go facility
(Optional on Active and Allure)

Maintains the speed set but if a slower vehicle is detected ahead, the system will automatically lower the vehicle speed to keep a safe distance. The system will bring the vehicle to a complete standstill if required.

PERFORMANCE (ALL FIGURES DRIVER ALONE)	
WLTP Range	219mi
Max speed (mph)	81

The eTraveller is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Peugeot Retailer.
*Requires optional 11kW on board charger.

PEUGEOT E-TRAVELLER | FURTHER INFORMATION

ON-THE-ROAD PRICES

To eliminate uncertainty about hidden costs when buying a new car, PEUGEOT publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide.

These prices include VAT, number plates and delivery to Retailer of £990.00 (including £165.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO_2) emissions produced by the vehicle. CO_2 emissions are measured in grams per kilometre (g/km) travelled and divided into charging bands.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'.

EXPENSIVE CAR SUPPLEMENT

Vehicles registered on or after 1 April 2025 with a list price over £40,000 (including factory-fitted options) will attract the standard VED rate plus the Expensive Car Supplement for five years, starting from the second license year. This includes electric/zero emission vehicles.

PEUGEOT 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK PEUGEOT Retailer benefit from a PEUGEOT 2 year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Retail Network in the UK.

In addition to our standard Warranty, our electric vehicles also provide an 8 year/100,000 miles, fully transferable traction battery warranty, covering performance to 70% of the original battery capacity.

Terms & conditions apply.

PEUGEOT ASSISTANCE

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service.

PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Your complementary cover includes:

- Electric vehicles: Are covered for 3 years or 100,000 miles (whichever occurs first) starting from date of registration.
- If you sell your vehicle within the period of cover, the new owner can take advantage of any unexpired free PEUGEOT Roadside Assistance cover, which will apply to the applicable complimentary period above.
- At Home service
  - If your vehicle breaks down at home, we will bring our roadside assistance service to your doorstep. If your vehicle can't be repaired, we will transport your vehicle to the nearest PEUGEOT Authorised Repairer.
- Recovery
  - If a prompt local repair at the roadside isn't possible, we'll arrange onward passage for you: up to seven passengers and your vehicle to any single mainland UK destination. If you're towing a caravan or trailer, this can also be recovered (subject to certain weight and size restrictions).
- Onward mobility

Click here for full details.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government).
It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Dealer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering.
Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.
Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.

The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures.

It is our policy to continually improve our vehicles in every way. To avoid any misunderstandings you are advised to check with your PEUGEOT Retailer the prices, specification (including colour), equipment, accessories and equipment relating to any PEUGEOT vehicle and the exact cost and availability prior to ordering. Where a feature is described as an option in this publication it should be assumed that it is at extra cost unless specifically stated otherwise.
Issued by Sales and Marketing, PEUGEOT Motor Company PLC, Pinley House, Sunbeam Way, Coventry CV3 1ND.
